

The quality of visual art education depends greatly upon how well we and our students use our words, because in art,

concepts become more manageable when we can name them

A.G. Woolcott and B. Gough-Dijulio, "Just looking or talking back? A postmodern approach to art education." In J.W. Hutchens and M.S. Suggs (Eds.), *Art Education: content and practise in a postmodern era*, 1997, pp. 147, published by
